### ORDER

**Adopted: November 8, 2002**

**Released: November 12, 2002**

By the Deputy Chief, Consumer & Governmental Affairs Bureau:

#### I. INTRODUCTION AND BACKGROUND

1. In its *Streamlining Order*, the Commission instituted streamlined procedures for compliance with the authorization and verification requirements of our rules and of section 258 of the Communications Act of 1934, as amended by the Telecommunications Act of 1996, in situations involving the carrier-to-carrier sale or transfer of subscriber bases.<sup>1</sup> In this *Order*, we find it is in the public interest to grant Denton Telecom Partners I, LP (Denton) a limited waiver of these rules. We grant this waiver to the extent necessary to enable Denton, without complying precisely with the Commission's streamlined procedures, to become the presubscribed provider of local and long distance service to customers receiving the local and long distance service of a competitive **local** exchange carrier (CLEC) currently in bankruptcy proceedings.

2. In 1998, the Commission adopted rules to implement section 258 of the 1996 Act, which expanded the Commission's existing authority to deter and punish "slamming," the submission or execution of an unauthorized change in a subscriber's selection of a provider of telecommunications

<sup>1</sup> See 2000 Biennial Review-Review of Policies and Rules Concerning Unauthorized Changes of Consumers' Long Distance Carriers; Implementation of the Subscriber Carrier Selection Changes Provisions of the Telecommunications Act of 1996, First Report and Order in CC Docket No. 00-257 and Fourth Report and Order in CC Docket No. 94-129, ("Streamlining Order"), 16 FCC Rcd 11218 (2001), adopting 47 C.F.R. § 64.1120(e). See also 47 U.S.C. § 258(a); Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996).

service.' Pursuant to section 258 and the Commission's rules, carriers are barred from changing a customer's preferred carrier without first complying with the Commission's procedures.<sup>3</sup>

3. According to the streamlined procedures adopted by the Commission, carriers need not obtain individual subscriber authorization and verification for carrier changes associated with the carrier-to-carrier sale or transfer of a subscriber base, provided that, not later than 30 days before the planned carrier change, the acquiring carrier notifies the Commission, in writing, of its intention to acquire the subscriber base and certifies that it will comply with the required procedures, including the provision of 30-day advance written notice to all affected subscribers.<sup>4</sup> These rules are designed to ensure that affected subscribers have adequate information about the carrier change in advance, that they are not financially harmed by the change, and that they will experience a seamless transition of service from their original carrier to the acquiring carrier.<sup>5</sup> This self-certification process also provides the Commission with information it needs to fulfill its consumer protection obligations.<sup>6</sup>

4. On October 29, 2002, Denton filed with the Commission an expedited Petition for Waiver (Petition) asking the Commission to waive the 30-day advance notice requirements of sections 64.1120(e)(1) and (e)(3) of the rules to permit the transfer of local and long distance and international long distance customers from CoServ, LLC, dba CoServ Communications (CoServ), a CLEC, to Denton pursuant to an October 25, 2002 bankruptcy court order.<sup>7</sup>

## II. DISCUSSION

5. Generally, the Commission's rules may be waived for good cause shown.<sup>8</sup> As noted by the Court of Appeals for the D.C. Circuit, however, agency rules are presumed valid.<sup>9</sup> The Commission

<sup>7</sup> Petition for Waiver – Expedited Action Requested, filed with the Commission by Denton Telecom Partners I, LLC on October 29, 2002, and amended on November 8, 2002 (seeking waiver of 30-day notice requirements of 47 C.F.R. §§ 64.1120(e)(1) & (e)(3)).

may exercise its discretion to waive a rule where the particular facts make strict compliance inconsistent with the public interest.” In addition, the Commission may take into account considerations of hardship, equity, or more effective implementation of overall policy on an individual basis.” Waiver of the Commission’s rules is therefore appropriate only if special circumstances warrant a deviation from the general rule, and such a deviation will serve the public interest.” In addition, the Commission specified in the *Streamlining Order* that instances in which it is impossible to comply precisely with the streamlined procedures will be resolved on a case-by-case basis.”

6. We find that Denton has demonstrated that good cause exists to justify a limited waiver of the Commission’s requirements to the extent necessary to enable Denton to transfer to its own customer base the affected CoServ customers. According to the Amended Petition, CoServ provided local exchange, long distance, cable, and Internet service to customers in Texas.” Denton states that CoServ filed for protection under Chapter 11 of Title 11 of the U.S. Code in the U.S. Bankruptcy Court for the Northern District of Texas, Fort Worth Division. Denton states that, on October 25, 2002, the bankruptcy court judge directed the CoServ trustee to transfer the CoServ customer base to Denton.<sup>15</sup> Denton states that, under the court’s order, it has agreed to effect the transfer of CoServ customers to Denton service by November 22, 2002.<sup>16</sup> Accordingly, Denton states that the transfer is scheduled to take place on November 22, 2002.<sup>17</sup>

7. Under the Commission’s rules, no later than 30 days prior to the transfer, an acquiring carrier must self-certify its compliance with the required procedures to the Commission and must give the affected subscribers notice of, and certain information about, the transfer.<sup>18</sup> Given the special circumstances Denton has described, compliance with the 30-day advance notice requirement could potentially result in the loss of local or long distance service for CoServ customers during the 30-day period. Moreover, the bankruptcy court has directed Denton to acquire the customers by November 22, 2002. As noted above, the streamlined procedures were designed to permit affected subscribers to experience a “seamless transition of service from the original carrier to the acquiring carrier.”” We find that, in the special circumstances of this case, waiver of the 30-day notice requirement would better serve this goal and would therefore serve the public interest.

8. In addition, Denton states that it will offer the affected customers services and rates identical to those that the customers received from CoServ.<sup>20</sup> Denton also states that, no later than six

business days from the issuance of this **Order** by the Commission, it will send each affected customer a letter containing [he information required by section **64.1120(e)**, including a toll-free number that the customer may use to call for answers to questions regarding the **transfer**.<sup>21</sup> In the special circumstances presented in this case, we find it unlikely that the affected subscribers will suffer harm from receiving less than 30 days notice of the transfer and, in any event, we conclude that any such harms would be outweighed by the benefits of a seamless transfer of service.

9. For the foregoing reasons, we grant Denton a waiver of the 30-day advance notification requirements of 47 C.F.R. §§ **64.1120(e)(1)** and **(e)(3)** for the limited purposes described above. The **grant** of this waiver is conditioned upon Denton's provision of customer notification and certification to the Commission that complies with all requirements of section **64.1120(e)** except the 30-day periods waived herein.
